Pre-Primary Room 13

This term in Pre-Primary we presented our Aussie Assembly. We had so much fun preparing for the day. Rani and Kiel read our favourite Dream Time story “How the Birds got their Colours” and the rest of us acted out the story. Thank you to our amazing parents for creating our wonderful costumes.

We sang Heads, Shoulders, Knees and Toes in Mangala language and talked about boomerangs, tapping sticks, Coolamons and Campbell played the didgeridoo.

Have a look at our fantastic photos!

**Numeracy**

We have had a busy term learning about 3D objects, days of the week and similar numbers:

18 and 81    17 and 71    16 and 61

We have used ten frames, calculators, pop sticks, straws, unifix cubes, an abacus, MAB blocks and dice to represent our numbers!

Thanks to our wonderful parents who have helped with 'Monday Maths'. We are developing excellent counting skills!

---

**Literacy**

We have written some great recounts and shared excellent ideas in 'Writer's Workshop'. Our focus has been stretching out our words, spaces between words and using capital letters and full stops. We have been learning lots of sight words which we are also using in our writing.
